Cardiff Council Access Focus Group

Cardiff Council set up an Access Focus Group in 2008, in partnership with the Cardiff and Vale Coalition of Disabled People. The Group was set up to make sure that everyone can easily access and enjoy Cardiff's Civic buildings, shops, public places, leisure facilities, streets and public transport network.

The Access Focus Group meets once a month and includes a wide range of disability organisations, equality groups and members of the public who are passionate about access for all.

The Group gives advice on many different aspects of access to the city centre, and has tested facilities like St David's, Park and Ride, Cardiff Castle and Cardiff International White Water to improve accessibility.

The Group has an open membership and welcomes new members. If you are interested in getting involved please contact Dr Robert Gravelle, Cardiff Council Access Officer.

Parking Enforcement

The Council has launched a new parking enforcement scheme which will reduce illegal parking across the city.

The campaign will benefit the disabled community by making sure accessible parking spaces are not misused. The Council aim to reduce problem parking by fining drivers who park illegally.
